Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Embedded the culture, climate, processes and protocols of classroom observation and feedback to support professional development and encourage reflective practice/action learning
- Facilitated action learning/action research to identify and verify the effectiveness of strategies currently in use
- Established a professional learning community of school leaders and teachers from cluster schools to share planning, teaching and moderate student work.
- Provided professional development and coaching to ensure teachers are able to deconstruct the Australian Curriculum content and provide targeted and scaffolded instruction to secure highly effective first teaching of reading and spelling
